Total Amount Requested from the OAA for FY24:

### Overview of Proposed Grant Program:

This grant will enable Arlington County to expand its existing Office Based Opioid Treatment (OBOT) program and to double the number of people served (from 20 to 40). The expansion will also expand OBOT services to adolescent patients (aged 16-18). The grant will also cover the cost of a third party evaluation of the OBOT program outcomes.

### Title of each project

- 

### Summary of Staff Review and Recommendations

Arlington County's OBOT program has been in place since 2017, and although it has demonstrated a record of success the program is not able to keep up with demand for services. There currently is a waiting list. Arlington has also noted an increase in opioid use disorder diagnosis for youth, as well as overdoses, and proposes to provide access to patients aged 16 and older at the OBOT.

Most of the expense in this grant is connected to hiring an additional full time behavioral health therapist. The County has already begun recruitment for this position.

Finally, it should be noted that the Arlington County Board of Supervisors has passed a resolution in which it has committed to voluntarily meeting the OAA Gold Standard for FY24.

Staff recommends full approval.
